FOUR-PHASE INTEREST IN ENGINEERING SURVEY: FIDES 2.0

Directions: In this survey you will be asked a series of questions about how you feel about ENGINEERING. This includes any ideas, problems or projects that have to do with engineering. If it helps to make a decision about how to answer, think of an engineering subject you are familiar with or the ideas and topics in engineering you know about when answering.

1) I enjoy learning about engineering even when it is very difficult.

2) When I'm working on something in engineering that I think is interesting, I continue working even when it takes a lot of time.
